WASHINGTON, VIRGINIA AND MARYLAND COACH CO., INC.,
Defendant.

PETITION FOR WRIT OF CERTIORARI

To the Honorable Chief Justice Warren and Associate Justices of the Supreme Court of the United States:

(Figures in parentheses refer to pages in printed record, also refer to Petition for Re-hearing.)

Your petitioner, Mary L. Crist, representing self, hereby states she is aggrieved by Arlington County Circuit Court jury decision on case No. 3836 which was by jury named as follows: (1) Charles T. Mothershead, (2) Arthur Wiley, (3) Earl D. Marcey, (4) John Miskill, (5) Irene Geiss, (6) W. S. Bates, (7) Grace Barrett. On May 28, 29, 1953

Hon. Judge McCarthy on bench, jury decision in favor of Defendants.

The matter in controversy herein exceeds over $4,000 (Four Thousand Dollars) and no correction of injuries of this date, May 9, 1955, that Plaintiff in suit filed December 18, 1951 asked $375,000 (Three Hundred and Seventy Five Thousand Dollars) for injuries as following (pages 2, 3, 4, 5 printed record 4310): painful, serious, disabling and disfiguring injuries consisting of, to wit, severe shock, multiple contusions, concussion of the spine, ruptured intervertebral discs in the spinal column, multiple strain and bruises of the lower back, severe lumbrosacral and lumbodorsal strain, severe strain to the muscles, ligaments, nerves and bones of the entire back with cord shock superimposed, sacroiliac synchondrosis, injuries and severe strain to the muscles, ligaments, bones and nerves in the right and left sides, right and left arm, right and left leg, right and left foot, and right and left hands, paralysis of the lower extremities, etc. (refer to pages 2, 3 Re-Hearing; 2, 3, 4, 5 Printed Record).

1. The said verdict is contrary to the evidence.

2. The said finding is contrary to the weight of the evidence.

3. The said finding is based on facts which do not include the testimony of material witnesses on behalf of the plaintiff, who were duly summoned but who did not appear to testify.

4. The Court erred in ruling on the admissibility of evidence.

5. The Court erred in not instructing the jury on *res ipsa loquitur*.

6. The Court erred in not instructing the meaning of "highest degree of care."

7. The witnesses were bribed.

8. The jury was tampered with.

Plaintiff is a citizen of the United States. Plaintiff paid Attorney Alvin L. Newmyer, Jr., $300.00 (three hundred dollars) to argue motion for new trial; Arlington County Circuit Court, Nov. 6, 1953, put defendant on terms to either pay plaintiff $6,000.00 (six thousand dollars) or Court would grant plaintiff a new trial. Defendants accepted to pay plaintiff $6,000.00 (six thousand dollars). Plaintiff excepted as plaintiff has been (refer to page 28 printed record 4310; pages 4, 5 Re-hearing) in complete agony and pain and no correction of injuries as all doctors and hospitals were conspiring for and with defendants, plaintiff suffers pain and mental anguish, as of this date, May 9, 1955, cannot walk due to terrific pain (refer to page 8 Re-hearing). All doctors and lawyers refuse to help plaintiff. Plaintiff paid Attorney Robert McGinnis $500.00 (five hundred dollars) to appeal this case to Court of Appeals, Richmond, Virginia, on all of the true facts and gave him doctors' reports and transcripts of Case No. 3836 dated April 6, May 28, 29, 1953, one volume; also July 28, 1953 transcript case No. 3836 argued by Alvin L. Newmyer, Jr., Hon. Judge McCarthy on bench. Plaintiff and Hon. Judge McCarthy certified April 6, May 28, 29, one volume transcript January 11, 1954. Attorney McGinnis did not represent plaintiff properly. Attorney McGinnis, Clerk Bruce Green, Arlington Circuit Court, Arlington, Virginia, Clerk Turner, Court of Appeals, Richmond, Virginia, denied plaintiff to certify or examine the records that were sent to Court of Appeals and plaintiff was denied her Constitutional rights by Lower Court and Higher Court. True facts were left on shelves to mold and rot.

QUESTIONS

1. Can a Legislator bribe witnesses on trials?
2. Can the jury be tampered with?

3. Can doctors try to destroy a human's life, liberty and pursuit of happiness to protect a law suit?

4. Can doctors perjure themselves on witness stand to protect law suits?

5. Can records be falsified?

Opinion rendered by Lemuel F. Smith, Court of Appeals, Richmond, Virginia, January 17, 1955, opinion certified by Clerk Turner, opinion is not true and must not be recorded against plaintiff (refer to transcripts April 6, May 28, 29, 1953; page 2, Opinion Record). Defendant accepted to pay to plaintiff in lower court $6,000.00 (six thousand dollars) on November 6, 1953.

The weather on date of accident was about 40 degrees, and was clear at that time. The bus was travelling fast, came down a small grade too fast to make the right turn. There are two lanes of traffic and an island divides the lanes; the left front wheel ran up on the island and down, side-swiping the curb on the right (refer to page 6, Re-hearing), throwing plaintiff violently to the floor of said bus with plaintiff's feet sort of underneath her causing ruptured disc in neck and torn muscles and ligaments of entire body. The driver was absolutely negligent for he was on an island against traffic regulations and if vehicles had been in the other lane he would have caused other damages. Driver was fired on date of accident. The jerks and jolts were violent, so violent that plaintiff suffers agony and pain of this date, May 9, 1955. (Refer to Re-hearing, page 4; printed record, pages 115, 116, 117, 118.)

Witness Kurtz had just boarded the bus seconds before the accident. Oliff testifying (refer to printed record 115, 116, 117, 118) she sat there one minute and a half. Two wheels went over the curb, the first one and then the back one.

PRAYER

Plaintiff prays for a Writ of Certiorari and review on the following cases which are all connected with original case 3836, 4490, 4563, and 4564 filed in Arlington Circuit Court, Arlington, Virginia, Case No. 9790 Law and Equity Court, Richmond, Virginia, 4310 appeal no. in Court of Appeals, Richmond, Virginia; Transcripts 3836 dated April 6, May 28, 29, 1953 certified by Mary L. Crist and Honorable Judge McCarthy January 11, 1954 should be in the hands of Court of Appeals, Richmond, Virginia, Transcripts 4490 also. Attorney McGinnis refuses plaintiff July 28, 1953 transcript of case No. 3836. Transcript of case No. 9790 filed with case in Law and Equity Court, Richmond, Virginia, certified by Hon. Judge Fletcher. The true records of the above cases will show how plaintiff has been denied her constitutional rights and how her life, liberty and pursuit of happiness has been dealt with evil and corruption to protect men of character, and law suit.

On or about Dec. 18, 1952, at the request of Mrs. Mary Crist, I phone Dr. Rizzoli (who had previously examined her) to tell him that if Mrs. Crist needed an operation that she wanted him to perform it. It was then that Dr. Rizzoli told me that Mrs. Crist had ruptured discs in her spine; and blockage from a myelogram that she had had performed.

Respectfully submited,

May Murray R.N.

(Signed) May Murray, R. N.

Refer to page 8, Petition for Re-hearing.

Mrs. Crist at this date, May 9, 1955, is now in very critical condition. While I am writing this, her pulse could not be felt for a short time; while lying on the couch, she

became very black and had to get up to get her blood circulating again. She now has to take magnesium salts enemata very frequently, at hourly intervals at times, with only fair results, as pressure caused by ruptured discs is very hard to keep down. I have never before had a patient running a pulse of 150 unless he or she was in a dying condition.

May Murray R.N.

(Signed) May Murray, R. N.

Attorney Thomas hired August 20, 1951.
Judgment filed December 18, 1951.

Jury trial April 6, 1953 postponed due to witness's abscence. (Dr. Hadley subpoenaied by U. S. Marshal). He did not appear. Jury trial May 28, 29, 1953, plaintiff representing self. Decision in favor of defendants. (Jury prejudiced etc.) (Refer to Transcripts April 6, May 28, 29, 1953 and pages 27, 26 printed record. Plaintiff's motion for new trial Pages 26 to 30, printed record.) November 6, 1953 Court put defendants on terms either to give plaintiff $6,000.00 (six thousand dollars) or Court would grant plaintiff a new trial. Defendants accepted to pay plaintiff $6,-000.000 (six thousand dollars), plaintiff excepted due to total disability and continued pain and suffering. Case appealed to Court of Appeals, Richmond, Virginia, opinion rendered on January 17, 1955 by Justice Lemuel F. Smith. Trial Court erred in setting aside the verdict of the jury and therefore the judgment is reversed, the verdict reinstated and final judgment entered here for the defendants. Reversed and final judgment.

Plaintiff wants to know if the defendants wrote the opinion for justice has not been met due to prejudice? Read the true transcripts. Question? What right did Court of Appeals have to take away from plaintiff the six thousand dollars? Everyone connected with plaintiff's injuries and law suit have conspired and falsified records but plaintiff shall die for justice and righteousness and clean government.

Plaintiff requested a re-hearing on Jauary 17, 1955. Petition printed for re-hearing sent February 12, 1955 to Court of Appeals, Richmond, Virginia. Re-hearing denied on March 8, 1955. Why? For all doctors on witness chair perjured themselves. All of them were working for defendants. Why did Dr. Hantman prescribe Aureomycin for plaintiff? Why did he and Dr. Engh give medical reports to Travellers Insurance? Dr. Engh's report to Travellers Insurance October 13, 1951—titled pelvic in right side, wear heel cushion in right shoe. Plaintiff requested Court of Appeals November 23, 1954 to be granted fifteen minutes to present my case (Federal questions). When plaintiff said that Legislator Armistead L. Boothe, Attorney for the defendants (present), bribed all witnesses, the judges stopped me.

Arlington Hospital gave me T.B. germs (June 1951), and barium blocked in the colon, no correction. Medical College Hospital, Richmond, Virginia, April 24, 1952, material blocked in spine. X-rays fourteen months later showed about 4 cc's. (Refer to exhibits X-rays. No. 3.) Barium blocked in colon. (All X-rays are plaintiffs.) (Page 72 printed record.) Nomyelogram X-rays were taken as record states. Plaintiff does not know who put the material in spine. Medical College states they have no record. Dr. Meredith was to perform operation on plaintiff for correction of discs, but refused to do anything for plaintiff. (Working for the defendants.)

To Whom It May Concern:

This is to certify that I was with Mrs. Mary Crist from the time she left her room on the 14th floor of the Medical College Hospital until she entered a room for a . I sat outside the door and waited until they finished and at no time did I see Dr. Meredith.

Facts and evidence in transcripts also defendant admitted $681.70 in bills up to November 1951 is sufficient to authorize recovery for negligence. The Court should take jurisdiction of this case in order to straighten out the opinion which conflicts with facts and evidence, and to attain righteousness and justice. Here you have a human being suffering pain and agony since December 22, 1950 to this date, May 9, 1955. No doctors will help appellant, appellant has to keep heat on back and lower extremities, take enemas every two hours to keep pressure down from the two ruptured discs in spine and swelling of back and lower extremities. Appellant is unable to walk, confined to bed most of the time. Wherefore, in the interest of right and justice, this Honorable Court should issue its Writ of Certiorari and review the following cases 3836, 4490, 4563, 4564 filed in Arlington Circuit Court, Virginia, 9790 filed in Law and Equity Court, Richmond, Virginia, Transcripts April 6, May 28, 29, 1953, July 28, 1953, Case No.

Appellant realizes there are rules, but our constitutional rights must not be destroyed and as appellant is a layman her rights have been destroyed by corruption. There are law tricks in the Court rooms that do not show in the transcripts or records. There is a great conflict in the evidence of injuries. (Refer to Re-hearing 2, 3.)

Record No. 4310

MARY L. CRIST, Appellant,

versus

WASHINGTON, VIRGINIA AND MARYLAND COACH COMPANY, INC., Appellee.

PETITION FOR A RE-HEARING.

To the Honorable Judges of the Supreme Court of Appeals of Virginia:

Your appellant, Mary L. Crist, respectfully represents that she is aggrieved by a final judgment rendered by Justice Lemuel F. Smith, Richmond, Virginia, January 17, 1955. Judgment is reversed, the verdict reinstated and final judgment entered here for the defendant. Reversed and final judgment.

Plaintiff, Mary L. Crist, states you have an admitted accident and admitted injuries. (Page 117 printed record Ethel Oliff 7 bottom line.) How many bumps did you feel? Only from the two wheels of the bus is all the first one and

then the back one, went over the curb. Written statement ran over the curb throwing Mrs. Crist to the floor and injuring her. (Date of written statement to plaintiff, October 14, 1952. Kurtz written statement to plaintiff, October 17, 1952, he hit the curb on the left side of the street and threw a lady from her seat, to the floor of the bus, signed, Mrs. Elizabeth Kurtz.)

Roy Nicholson, M.D., report dated November 17, 1952. My diagnosis was sacroiliac strain the possibility of a ruptured intra-vertebral disc. Signed, M. Roy Nicholson, M.D. Written statement also. Dr. Hugo Rizzoli, M.D. Tenderness over lower lumbar spine. Motor weakness on the lower extremity on the left side, swelling of left foot, Myelogram to rule out the presence of a large, ruptured intervertebral disc, dated 30th November, 1951. Pain in the back, pain in both legs, swelling of the feet and pain in the neck. Signed, Hugo V. Rizzoli, M.D.

April 23, 1952, Dr. John M. Meredith report to Dr. Hadley. She has hyperesthesia of the fifth lumbar dermatore on the left side and is extremely tender on moderate pressure at the third, fourth, and fifth lumbar interspaces. Signed, J. M. Meredith, April 23, 1952.

Eugene J. McDonald, M.D., report to Rizzoli, November 1, 1952. Fluroscopic study of the subar achnoid space, which contains some residual opaque dye shows several cc's of the dye in the caudal sac area. A small amount of this dye appears to separate into globules and is freely movable but there is also some of the dye which appears to be firmly trapped and possibly is beginning to extravasate into the lower pereneural sheaths. Signed, Eugene J. McDonald, M.D.

Dr. T. W. Davis, M.D., report to Hadley, June 23, 1953. X-ray examinations of the lumbar spine which demonstrate approximately 3 or 4 cc's of contrast material in the lumba and dorsol-lumbo regions of the spinal canal.

Henry E. Andren, M.D., report to Dr. Hadley, November 21, 1952. Mrs. Crist has suffered with a concussion of the spine resulting in extreme autonomic nervous system imbalance. A radicular syndrome is present but may not be

associated necessarily with a ruptured disc. H. E. Andren, M.D.

Dr. F. Curtis Hudgins, June 13, 1951. My examination revealed a left sacroiliac lesion, signed F. C. Hudgins.

Dr. Henry G. Hadley, December 31, 1953. The above-named person, Mary L. Crist, has been under my professional care for treatment of a back injury since December 27, 1951. The initial visit was made at the patient's home, patient as brought into Hospital December 28 thru December 30, 1951, at this time a cast was applied. The following dates patient was treated in the office. January 6, 9, 13, 15, 20, 23, 27, 30—1952. February 3, 6, 10, 14, 17, 19, 21, 24, 26, 29. March 2, 16, 20, 26, 28, 30. April 1, 7, 9, 11, 12, 22, 27, 29. May 4, 7, 9, 12, 28. June 4, 9, 15, 19, 22, 30. July 1, 2, 6, 13, 15, 17, 24, 1952. Patient was hospitalized August 1 to August 20 in Hadley Memorial Hospital. House calls were made July 29, October 3, 1952, and January 17, 1953. Patient is still incapacitated to perform her household chores. Signed Henry G. Hadley, M.D.

Also notarized by Carrie M. Starbird as true.

Dr. Henry G. Hadley report to Attorney Homer Thomas, April 18, 1952. A diagnosis has been made of a possible ruptured disc. The prognosis is that of a possible permanent injury.

Dr. Henry G. Hadley, June 4, 1952. In my opinion her permanent disability is attributable to a spinal injury which, according to history occurred in December, 1950. Signed, Henry G. Hadley, M.D.

Plaintiff, Mary L. Crist, paid Attorney Robert McGinnis ($500.00) Five Hundred dollars to appeal this case on all of the true facts and gave him a transcript of July 28, 1953, hearing on Case No. 3836 but he, Mr. McGinnis, refused putting above Doctors' reports, also using the July 28 transcripts. Plaintiff has been denied by Attorney McGinnis July 28, 1953, transcripts unless plaintiff pays him ($500.00) Five Hundred dollars for them. Plaintiff was denied by Clerk Bruce Green, also Clerk Turner also McGinnis in putting above in the printed record.

RE: Washington, Virginia and Maryland Coach Company
Defendant—Mary L. Crist—Plaintiff Record No. 4310

This being an action of Mary L. Crist called plaintiff against Washington, Virginia and Maryland Coach Company, Inc., a corporation, for the sum of Three Hundred Seventy-Five Thousand Dollars together with interest thereon from December 23, 1950, until paid and costs incident to this proceeding, which said sum is justly due and owing by the defendant, the Washington, Virginia and Maryland Coach Company, Inc., a corporation, to the undersigned plaintiff for the damages, wrongs and injuries hereafter set forth to wit disabling and disfiguring injuries; consisting of severe shock; multiple contusions, concussion of the spine, ruptured intervertebral discs in the spinal column, multiple strain and bruises of the lower back; severe lumbrosacral and lumbodorsal strain; severe strain to the muscles, ligaments, nerves and bones of the entire back with cord shock superimposed; sacroiliac synchondrosis; injuries and severe strain to the muscles, ligaments, bones and nerves in the right and left hand; paralysis of the lower extremities, nervous irritability due to this Arnold bus, December 22, 1950, running said bus up and upon an island with left front wheel and then running against curb on right hand side striking and running against two objects in two different directions, throwing plaintiff violently from her seat to the floor of said bus and due to carelessness, recklessness, negligently, unskillfully and unlawfully, the plaintiff has been sick, sore and in agony up to this date, February 1, 1955. Plaintiff has to keep heat on back and lower extremities and take enemas every two hours to keep pressure down from the ruptured discs which are three—two in back and one in neck. Plaintiff has to stay in bed on a board—Plaintiff only waits on herself with a

terrible struggle. Have gone only to the Courts for justice with a pulse of 148 or more. Plaintiff excepted to the action of the trial court and assigned the following errors:

1. The said verdict is contrary to the evidence.

2. The said finding is contrary to the weight of the evidence.

3. The said finding is based on facts which do not include the testimony of material witnesses on behalf of the plaintiff, who were duly summoned but who did not appear to testify.

4. The Court erred in ruling on the admissibility of evidence.

5. The Court erred in not instructing the jury on "res ipsa loquitur."

6. The Court erred in not instructing the meaning of "highest degree of care."

7. The witnesses were bribed.

8. The jury was tampered with.

The said bus was coming too fast to make the turn as Witness Elizabeth Kurtz states: "Oh! you have to come to a almost stop or you can not make the turn." That's proof right there that it was carelessness, recklessness and neglect, etc., for the driver did not make it and he not only ran up on island of left but hit curb on right which was two objects in two different directions and it absolutely took that bus off its course—That driver was fired on that day of that accident after driving for that bus company for two years. "Why did they fire him if it wasn't carelessness and negligence?" Kurtz's written statement to plaintiff and it was still fresh in her mind on October 17, 1952, after almost two years after accident of December 22, 1950.

Another Witness, Ethel Oliff, states she and her granddaughter picked me up off of said bus floor—right back of driver about three feet, and he states he did not see or hear all of that commotion that proves he was not using the

highest degree of care to watch out for life, limb and property. In written statement from Ethel Oliff, October 14, 1952, almost two years after the accident still fresh in her mind. "Driver making a turn too short and ran over the curb throwing Mrs. Crist to the floor and injuring her."

It seems to plaintiff that our written law will not be enforced as anyone that drives a vehicle on and upon an island and then sideswipes curb on right and lower Court, also higher Court says it's not recklessness, carelessness and neglect and driver was using the "highest degree of care when plaintiff as Witness Ethel Oliff states sat in bottom of bus on floor for one minute and a half — Plaintiff says 5 minutes and this all took place almost behind the driver's seat. These jerks and jolts were violent ones. The trial judge denied me every privilege. He would not let me bring out written testimony and facts. Plaintiff's reference to insurance was Dr. Engh's reports to Travelers Insurance Co.—dates Nov. 28, 1951—O. Anderson Engh. Md.; Nov. 29, 1951—O. Anderson Engh, Md.

Bus driver states that all passengers had left his bus at Sixth Street, S., and Glebe Road. That's a false statement; there were others on the bus, especially Mrs. Ethel Oliff, as she gets off at Columbia Pike and Glebe Road, S. Also Elizabeth Kurtz made false statements for plaintiff never asked her for her name—she gave it to plaintiff. Also, plaintiff did not get off bus at Clarendon, but she, Mrs. Kurtz, did. So her statements are false. She and Mrs. Oliff and Dr. Roy Nicholson were paid for those false statements by our Legislator, Armistead Boothe, the Attorney for the defendants — Mrs. Oliff was paid by Armistead Boothe $5.00. The following is the proof of Dr. Nicholson, January 17, 1954—Mary L. Crist—Attendance in Court in Case #3836—$150.00. "I am sorry you wouldn't listen to reason. I went to Howard (plaintiff's husband) with the news from the bus company that they would give you the money. $5,000.00, rather than embarass you in Court. (Essential material only) * * *. Signed—M. Roy Nicholson, M.D.

The plaintiff wrote Nicholson on January 26, 1954, for the

following: "Were you paid $150.00 for lying in Court on Case No. 3836, etc.?"

Plaintiff at Johns Hopkins Hospital—Dr. Lenhard wrote slander to Dr. Henry G. Hadley about me. Dr. Hadley did not send me to Dr. Lenhard of Johns Hopkins Hospital. Why did they send him; also Yater Clinic written slander about me. They did nothing for me but to send one girl in to give me ice drinks and another to take my temperature. They falsified everything.

Medical College Hospital Dr. John M. Meredith, was to perform a myelogram and operation on me for ruptured discs but Dr. Meredith did not do one thing for me—Two men inserted something in my spine, men unknwn to Hospital also to plaintiff, which it was not a myelogram up to June 23, 1953; fourteen months later X-rays show about 4 cc of contrast material in the lumbo and dorsal—lumbo regions of the spinal column. Those X-rays by Doctor T. W. Davis, M.D.

Dr. Nicholson is not and has not been my doctor or friend. His report is dated Nov. 17, 1952, almost two years after the accident.

"This is to certify that on or about Dec. 27, 1950, Mary Crist came to me complaining of pain low in her back and extending down both legs and up the spine to her head. The greatest center of pain being in the left sacroiliac region, Mrs. Crist says this pain began Dec. 22, 1950, following an accident on the Arnold Bus. She states that she was thrown from her seat. I gave her five diathermy treatments. There was no improvement—I took an X-ray of the lower spine and pelvis—no fractures were noted. Tenderness persisted over the left sacrioliac joint and sacral vertebra. About May 1, 1951, I referred Mrs. Crist to Dr. Allan Ferry for diagnostic study."

"My diagnosis was sacrioliac strain, the possibility of a ruptured intravertebral disc was why I suggested the orthopedic study. I have not treated the patient since May 1, 1951." (Signed) M. Roy Nicholson, M.D.

The plaintiff at no time stated the bus skidded. It was going too fast to make the turn so consider the time the

accident happened and the plaintiff's condition at this date and what do you have, nothing but carelessness, recklessness, negligence and unlawfully did drive the said bus upon and against the island and against opposite curb, which plaintiff was violently jolted, jarred and was thrown about to the bottom of said bus.

"I, May Murray, R.N., have known Mary L. Crist most of out lives, having been brought up in the same town; then coming to Arlington and vicinity about same time. I know her to be an honest and kind person. I have been in very close touch with her usually seeing her in her home once a week, sometimes oftener. I have accompanied her to the Court Rooms both here and in Richmond, including Court of Appeals, except when I was out of State. She was always courteous and kind and conducting herself in orderly manner. I have seen her grow steadily worse physically, since this accident December 22, 1950, but more alert than ever mentally. Due to continued pressure of discs in spine upon blood vessels she has had to take magnesium salts enemata more and more frequently until she now takes them day and night about every two hours (not one or two quarts, but until relieved of pressure). I have seen her in the court room conducting cases with a pulse too weak to count accurately, 148-150. Her face, hands, legs very black in color due to blood having such difficulty to circulate. Mary Crist was in perfect health before the accident." (Signed) May Murray, R.N.

The plaintiff had no doctor was never sick before acci- went of Dec. 22, 1950. The doctors were all referred to plaintiff—Dr. Roy Nicholson. Dr. O. Anderson Engh was not plaintiff's witnesses. Dr. Raymond Schwartz even told plaintiff in Court, May 28, trial 1953, that he was working for the defendants but he took my temperature during recess of that trial and he stated it read 100°. Dr. Schwartz offered me $25.00, if I would give him Dr. Rezzoli's medical report dated November 30, 1951. All hospitals, doctors, lawyers, courts and court reporter, Frances Webb were all working together, conspiring and falsifying the records. There were no depositions taken on Case No. 3836.

Plaintiff has asked the lower Court also higher Court for an order to force attorney McGinnes to turn over the following:

January 31, 1955, Case 3836, Appeal 4310.

The Honorable Judge McCarthy:

ORDER

The plaintiff, Mary L. Crist, in the entitled case having indicated her intention to the Supreme Court of Appeals on re-hearing on the above style case judgment rendered by Appeal Court on January 17, 1955.

It is adjudged and ordered by the plaintiff, Mary L. Crist, to compel Attorney Robert McGinnis to turn over to Mary L. Crist, July 28, 1953, transcripts of the above case. These transcripts were paid for by Mary L. Crist. The transcripts were not used by Attorney McGinnis. Attorney McGinnis says he will not turn transcripts over to Mary L. Crist unless she pays him $500.00 (Five Hundred Dollars). Plaintiff needs transcripts for making up printed record which plaintiff has only about fifteen days to make up record and get record printed and in the hands of defendants and Virginia Court of Appeals.

If necessary, issue a subpoena Duces Tecum. I must have them at once.

Mailed this date January 30, 1955.

Public opinion is rarely right on any point and there are important truths and facts that will be submerged by prejudice and this is an answer on opinion rendered by Justice Lemuel F. Smith, Richmond, Virginia, January 17, 1955.

I, Mary L. Crist, plaintiff, have written this for the protection of plaintiff as justice has not been met and plaintiff being a semi-invalid has no one to help her and wish the Honorable Seven Justices to review the above and let plaintiff come before your Court and see the records which plain-

tiff has been denied by Clerk Turner on three different dates. Also asking your Court for considerations for an oral hearing on the truth and true facts before statute of limitations runs out. This injury has cost plaintiff at this time over $4,000.00 (Four Thousand Dollars). Plaintiff prays justice and truth and considerations.

Mary L. Crist, *Representing Self,*

Plaintiff,

v.

Washington, Virginia and Maryland Coach Co., Inc.,
Defendant.

PETITION FOR REHEARING OF WRIT OF CERTIORARI

I thought a Writ of Certiorari was the court bringing the true records and reviewing them and then granting or denying the petition. In other words it was not plaintiff's case again, it was defendants, for your Court absolutely saw just what the defendants wanted you to see. The printed record (4310) is only part of the record; there were about 206 pages in original transcripts. All transcripts in Arlington County Circuit Court were taken from me, and I was unable to get others from Frances Webb, the Court Reporter on those cases. She refused them to me. Here you

have a human being injured for life and suffering pain, agony and mental anguish due to the above accident. Defendants and every Doctor admitted injuries, page 138, record 4310, and to this date, November 1, 1955, the back injuries are more severe than at that date of statements, which was May 29, 1953.

Mary L. Crist has paid out over four thousand dollars to be cured of those injuries and for justice, but money paid out was certainly not for justice, but injustice.

My constitutional Rights, Independence, Life, Liberty and Pursuit of Happiness have been destroyed by corruption due to this Arnold bus injuring me.

Court of Appeals, Richmond, Virginia, sent me a photostat copy of Appeal Bond which was by National Surety Corporation, Washington, D. C., which reads—"an appeal was by the Supreme Court of Appeals of Virginia awarded to Mary L. Crist, appellant against Washington, Virginia and Maryland Coach Company, Inc., appellee from a final judgment entered by the Circuit Court of Arlington County, Virginia, on the 23rd day of November 1953, in a certain law case then therein pending, wherein Mary L. Crist was plaintiff and Washington, Virginia and Maryland Coach Company, Inc., was Defendant at law 3836." The Bond is recorded at Arlington Court House, Virginia, No. 1541607, making me believe an appeal had been awarded me until January 17, 1955. (Deception and deceit.) Bond dated May 12, 1954.

This case must not be disposed of unless Mary L. Crist is compensated for those wrongs and injuries sustained by the Washington, Virginia and Maryland Coach Company, Inc., December 22, 1950, as plaintiff at this date is in agony and pain due to those injuries, and absolutely our Courts of Justice have not performed their duties and I demand men of character which are involved in plaintiffs law suit and injuries not be protected by our laws of Justice, and when we go to our courts for records we certainly don't expect records to be concealed, which has been done in my case.

I just heard the news by Rash stating that Attorney Brownell and President Eisenhower were going to clamp down on crime. This case is a good case to start with for a great injustice has been committed, by every Jury, Witness, Clerk of the Courts, Court Reporters, Doctors, Hospitals, Lawyers, Judges and Justices. Never before has any case deserved to be reconsidered as the case before you today. Lack of proper procedure probably is the reason the United States Supreme Court would not bring up the truth about the 209-page transcript of Case No. 3836 in lower court, 4310 Appeal No. in Court of Appeals, Richmond, Virginia.

This case came almost being a perfect cover up crime case, that's the reason plaintiff is without counsel. (Too many personal friends involved with defendants.)

The United States Supreme Court should review this case and certainly grant plaintiff every possible relief as plaintiff has been and will be a semi-invalid and suffer pain, agony and mental anguish the rest of her lifetime due to these injuries sustained December 22, 1950.

I think every Judge, Justice and Associate Judge who has obstructed justice in this case should be impeached.

As petitioner will ever pray for righteousness, justice and clean government and constitutional rights for all the people. Plaintiff has a duty to perform and doing so in good faith; but the men of justice who were put in office to do their duties have failed, but there is one supreme law that will not fail plaintiff and that is God's supreme law.

Sincerely yours,

Mary L Crist

CERTIFICATE

I hereby certify that Mary L. Crist is of sound mind; that the injuries received from the bus accident December 22, 1950, have gradually become worse, and that she is now in a very critical physical condition because of injuries received. She fights valiantly for her life and justice. Clerk Turner of Court of Appeals, Richmond, Virginia, made a statement to me on November 23, 1954, that Mrs. Mary Crist is eaten up with cancer. In my opinion that cannot be true. She was in perfect health before the accident, she has had no loss of weight since the accident. If she should have it, it would be caused by injuries sustained at the time of the accident. I have never had a patient who has fought so desperately to live, under such trying and persecuting circumstances.
